

Influencer Strategy

Background

WSL Remit is a leading money transfer service that enables easy access for people and businesses to send and receive money between Nigeria and the UK.

As part of our marketing efforts, we are launching an influencer campaign to increase brand awareness and drive user acquisition of the App incentivizing new and existing users to refer their friends, family, and acquaintances to WSLRemit.

In this presentation, we will outline our influencer marketing strategy, content ideas for the campaign.

Campaign Objectives

Increase brand awareness:
Increase brand awareness of
WSL Remit among Nigerians in
the UK

Drive customer acquisition:
Drive app downloads and
increase usage of the WSL
Remit app

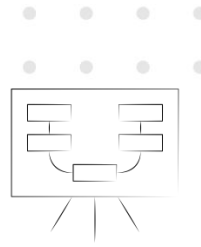

Encourage Users:
Encourage users to refer their
friends and family to use the WSL
Remit app

Target Audience Categories

The target audience for the **WSL Remit influencer** campaign are::

- Nigerian expatriates living in the UK who need to send money back to Nigeria for:
 - Housing Projects
 - Contributions
 - Family Upkeep
 - Debt
- Nigerian students studying in the UK who send financial support to their families in Nigeria
- Small business owners in Nigeria who need to receive payments from their clients in the UK

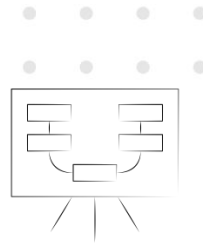

Campaign Platforms

Campaign Theme

“Spread the Word, Earn the Rewards”

The goal of this campaign is to incentivize new and existing **users to refer** their friends, family, and acquaintances to **WSLRemit**.

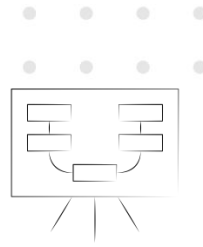

The focus will be on generating awareness and promoting the referral program of the WSL Remit app and highlighting the rewards for both existing users and new users.

By referring friends and family members to the app, users can earn rewards and save money on their transactions.

Referral Incentive

To encourage users to participate in the referral program, WSL Remit will **offer incentives** to both existing users and **new users**.

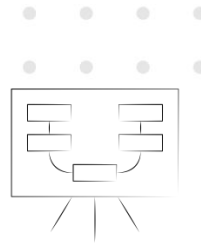

Users will receive a cash reward of £2 for every referral that registers and is fully onboarded, and will also make an extra £8 when their referrals make up to £500 worth of transactions

Influencer Strategy

The goal of this campaign is to incentivize new and existing **users to refer** their friends, family, and acquaintances to **WSLRemit.**

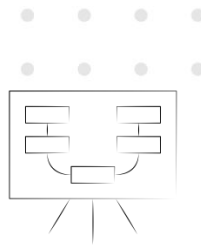

The influencers will create a mix of Instagram posts, TikTok Posts, Twitter tweets and YouTube videos that will showcase the features and benefits of the WSL Remit app, while also promoting the referral program.

Influencer Referral Code Incentive

To encourage users to participate use the influencer referral code, We will **offer** either of the following **incentives**:

TRANSACTION FEE INCENTIVE

Influencer's followers who download the app using the influencer's referral code will get the best exchange rates without paying any transaction fee on their first 3 transactions on the app

CASHBACK INCENTIVE

Influencer's followers who download the app using the influencer's referral code will get 2% cashback of the amount of their first transaction. The Influencer's referral code will be used as a one-time code per account and the offer is available only to the First 100 new users during the campaign period
